ABOUT ME

Hello! I'm Kardelen Kaya, an experienced Full Stack Developer. I started my journey in the software world by working on various projects, continuously enhancing my full-stack development skills along the way. I have expertise in languages such as Python, JavaScript, ReactJS, and Django, enabling me to provide unique and innovative solutions for each project. I value teamwork and continuously strengthen my problem-solving skills. Thanks to my focus on continuous learning and development, I expand my knowledge base through specific certifications and training programs

WORK EXPERIENCE

E-Commerce Manager
NovaStriva [18/12/2023 – Current]

City: Izmir | **Country:** Türkiye

Under my own brand, NovaStriva, I conducted active e-commerce management on Turkey's leading e-commerce platform, Trendyol. Developed sales and marketing strategies on the platform. Increased brand visibility and sales volume by organizing advertising campaigns and promotions. Enhanced customer service and order management processes, ensuring the highest level of customer satisfaction. Kept our product range and marketing strategies constantly updated by analyzing market trends and competitors.

Full Stack Devoloper
Neos Software Academy [21/04/2023 – 10/11/2023]

City: Izmir | **Country:** Türkiye

During the 6-month intensive training program, I utilized advanced technologies such as Django, React.js, and SQLite alongside fundamental languages like HTML, CSS, JavaScript, and Python

As part of the academy, I participated in a comprehensive 2-month Learning Management System (LMS) project. Throughout this period, we developed a platform for studen

By gaining experience in both frontend and backend technologies, I acquired proficiency in various technologies including HTML, CSS, JavaScript, Python, Django, React.js, and SQLite. Additionally, I specialized in designing responsive and aesthetic web interfaces using CSS frameworks like Tailwind CSS and Bootstrap.

During my internship, I enhanced my collaboration and communication skills by working within a team. Through this process, I learned and applied critical competencies such as project management and time management.
